

To Whom It May Concern:

It is my honor and pleasure to recommend the services of True Perceptions, Inc. and its Founder Diana L. Garren. I met Ms. Garren several years ago at a Women About Biz meeting and she spoke to the group about Perception and our business. Well I found what Ms. Garren had to say very informative and was thinking about how to take my business to the next level. After speaking with Ms. Garren, she explained to me what I needed to do with my business and how I would see a difference if other people could understand and perceive what I was trying to achieve. After my initial consultation with Ms. Garren I took her advice and began working with her exclusively on my business. She is very knowledgeable in taking what you bring to her and developing your business into something totally different...something you would never even have thought of. It was a lot of work, but with her patience and thoughtfulness throughout the entire process I can honestly say I am glad I did it. There were times that I was ready to give up because there was so much involved, but she kept urging me on, telling me I could do it...she didn't give up on me and I'm so glad she didn't. From what my business looked like to now is a dramatic change...all due to Diana.

Not only is Ms. Garren a wonderful, intelligent, businesswoman, she is a beautiful soul with a beautiful spirit. And when you work with her and listen to her it immediately comes out. Over the years of our working together not only have we become good working partners but good friends as well...a rarity these days.

I highly recommend True Perceptions for all your business needs. If you want to have success in your business I wouldn't hesitate to utilize her services. I am now ready for the next step and having Ms. Garren by my side coaching me on will only continue to enhance the greatness I have achieved by developing a clear and consistent image for my company.

Sincerely,

Transcribe-It, Inc.
